It keeps your PC clean from unused files, including temporary Internet files, cached videos and games, browsers, your most recently visited websites, deleted files, and much more. It also features: Remove duplicate files Remove duplicate and junk email Remove temporary Internet files Delete browser cookies Delete your browsing history Clear your cache Delete your online history Remove your system cache Hide your IP address online Hide the files you don't want others to see Change your privacy settings If you're a PC geek, CCleaner Pro is the best option. It's just too powerful for those that aren't. It checks the version of Windows, its security, antivirus, system drivers and registry settings, and offers you a chance to improve these settings and fix problems. CCleaner Pro not only cleans your PC but also keeps the files you want open for quick access. It's a must-have tool for any Windows user. CCleaner Pro Features ● Does a deep scan of your system ● Finds unused files you can delete to make your computer run faster and uses less memory ● Optimizes your RAM ● Free up more RAM by cleaning old and unused files ● Change your privacy settings to keep your online activities private ● Clean up your browser history and more ● Deletes your browsing history and cookies ● Hide your IP address online ● Remove temporary Internet files and cache ● Remove unused files and cookies ● Protect your PC from viruses, spyware, and malware ● Use less memory by deleting useless and old files ● Remove junk email and spam ● Remove duplicate files ● Free up more disk space and hard drive space ● List installed applications and drivers ● Reset system settings and change privacy settings ● Increase system speed by killing background processes ● Change search provider ● Hide and change your hard drive or partitions ● Fix your browser's cache, cookies, passwords, and much more ● And many more

CCleaner Pro is an award-winning tool that is widely used for optimizing and cleaning the PC/internet browsing activities of an individual. The application is known for making various adjustments such as removing junk files, registry entries, temporary files, logs, and various other processes running on the computer. This in turn makes the computer faster as well as reduces the risk of getting hacked. CCleaner Pro allows you to automatically optimize the performance of your PC by cleaning all the files, registry entries, and browser history as well as logs that can prove to be a threat to your data. It can even free up space on the hard drive.Q: validate function isn't working for HTML input Im trying to validate if the user entered a number, so the textfield would have a size of 3 and a maxvalue of 255. I started by making a function for the validation: function submit(form) { var text = document.form.credits[0].value; if(text But when I enter something that is less than 3 or more than 255 I get the alert at the end saying: Geen mooiste amount in het formulier! the form: Naam: Tekst: Credits: ba244e880a
