Category:Broadcom Category:Wireless networking hardware Category:Computer-related introductions in 2006 Category:Electronics industry Category:IEEE 802.11Author: Amrita Dhar The first in a series of short stories, “Handcuffs” is a cautionary tale of the dangers of a relationship where one partner is unable to control their emotions. Srikanth has always known his feelings for Amrita are special, but his prudish upbringing has made him reject the idea of ever getting physically involved with her. He believes they should just be friends. What he doesn't realize is that Amrita has the same wish. A rather handsome, naughty and eccentric man, who has a rather close relationship with his best friend, the author would find the right women to support him and help him fulfill his various mischievous whims. Allison has been in a bit of a tough spot. She has
